The chase for Susie
Written By: Toby steiner

Jim and Sam ran into the hospital after him , while I ran into the back.

"Come on Sam" yelled Jim.

" Ok" replied Sam.

" We gotta get Susie back", they said in unison.   They ran after Dave (the bad guy) into the waiting room. We heard Susie screaming from the sack he was holding.

"Split up Jim"

"Ok snapped" Jim. They both slit up and they trapped Dave. He then went out a secret door, but I stopped him. He ran back in the room and jumped over Jim. We all ran after him then I had an idea.

"In the vents… we will find him there" I explained.

"Okey dokey" they called from the vents. Wait, where is susie? , I thought I told them to keep going as I dropped from the vents. I ran and ran but couldn't find Susie. Then I heard a scream. I followed the sound then found a sack. I opened it and susie jumped out and told me…

We have to get dave.   We saw him run down the hallway. Then pow.

"Oww!" screamed Jim and dave!

"Are you ok Jim ?" I asked

"Ya but he aint I think he dead."

"Call 911," Susie said. Jim called the police. Then the ambulance came, dave was loaded up. We went home, had a shower, cheeseburgers,and a nap and lived happily ever after.
