

Title: Field Day  
Written By:Caiden Gould

The last day of school was field day. Me and my friend are starting field day in CIS at the end of the year. But it is raining. So me and my friend are sad, but I came up with a plan to have fun. I found a team to play soccer and basketball in the gym. We play baseball. It is so much fun. We played hockey but then we got hungry, so we got chicken delivered to the school from Arbys. At the end of the day,even though there was a storm we learned to make our own fun!
