

The Vacation Disaster
Written By: Isabella LaMonica

This was one of the worst vacations of all times! Hi, I'm Jewel Brick and I'm 15yrs old. Me, my Mom (Kathy), and my Dad (Bill) are going to Hawaii right now. I'm **SO** happy! We are walking into the plane as I speak! When I walked I sat down and I got my book out and started to read. 4 hours later...Ugh! I'm so tired! I'm going to go to sleep for a bit, good night..

"GAHHH!!" Mom screamed very loudly. I jumped and when I looked out the window I saw that, **WE WERE GOING TO CRASH!!!!!!! Oof!**

"Mom? Dad?" I mumbled. "It is ok sweetheart. We just crashed on an "island." Dad replied. Thank goodness!..But still.."WHAT!" I said.

After I calmed down, we got to explore the new island. After a few hours... The plane was fixed! I could go home! After I got packed, my parents said, "Oh, no sweetie we are going to stay on the island until the 4th plane comes! Because it was a huge plane. Aren't you happy!?" I fainted. By then the 1st plane was long gone.

After a while, the 2nd plane came by and I started to like the island a little bit. I met this cool girl named Alex and now were BFF's! By now, the 3rd plane came by and now I learn how to make cool and fun things! Now the 4th plane came..

"Ok Jewel time go! Don't you want to get home?" Dad asked, questioning himself.

"Hey Mom, Dad...can we stay on the island a little bit longer? Please?" I whispered.

"Heck yeah we can! Mom yelled very **very** loudly. So the Brick family stayed on the island for a few more days and then they went home.
