

1) Title: The fishing trip

Written By: Lincoln Ludwig

- Have you ever gone fishing. I've been fishing. I had a bobber and hook with chicken liver as bait. I asked did we get a nibble, replied my dad and then we caught a small mouth bass. We rigged it up and casted out. Few minutes later we got another fish. It was a carp we kept it.

We hooked the chicken liver back up. Then we saw a fish go by us it was a really big fish it was a bullhead catfish then we saw another

One we tried to catch them but they swam off. The next day we were looking for them and we caught him. We ate all the fish we caught.

Another day we went fishing again and caught a big largemouth bass and then we caught a muskie and he was rubbing the line on rocks and it snapped. Then the other rod started to bob and the muskie and it fouhgt the line. Finally we caught the fish and we ate him for dinner.
