

Title: How the future came to be

Written By: lydia wertz

One dark night in the fall a unicorn came up to a stray kitten named penelope. The unicorn said "come with me if you want to to be happy " so the kitten followed the unicorn into the sky

The kitten was super happy with the unicorn so she stayed in the sky with the unicorn for several years. Then the unicorn said, "Do you want to be human?" said the unicorn.

"Hmmm yes" said the penelope uncertain of what will happen. The next day she woke up in a human bed. Moments later she heard are you awake sis. Penelope thought " I have a sister."

She opened her eyes"hello are you there" yes she thought, but she could not say it she did not know why. Penelope could not move either. She did not know why.

Her sister took her to therapy. Nope it did not work. The unicorn turned everyone into kittens. The same problem happened with the people. Then suddenly the unicorn had an idea. The unicorn would teach her. She learned quick.

A year after that the unicorn died. Penlope was super sad, but Penelope cept a place in her heart for the unicorn.
